- 1. After going to the department wise in the employee portion in the job seeker, it is not getting selected, you have to check it in which you select in the last. The department remains the same. The rest goes away, you have to check it.
- 2. OTP is not being auto entered at the time of login.
- 3. After fulfilling any page in the entire application, there should be an auto next page. Instead, it stops there and one has to move forward. Because of that, the next page should come from the photo system.
- 4. How come I am not getting OTP on my SMS right now?
- 5. Referral code is not activated yet.
